SIR,

In continuation of letter No. 7668, dated 25-3-1912, I have the honor to submit a detailed report on the cultivation of Ganja near Goribidnur, Kolar District, during the year 1911-12.

2. 40 acres and 35 guntas of land in the marginally noted villages were selected and licenses issued to the owners thereof to cultivate Ganja. 100 seers of good Daggupad seed were purchased and distributed to the ryots for sowing. But owing to the very heavy rains at the time, some of the fields had the seeds washed off, necessitating fresh sowing. 21 acres 13 guntas were abandoned leaving 19 acres 22 guntas in full growth.

3. Inspector Dasarathi Rao of Goribidnur Range who was at Khandwa in September 1909 for the purchase of the drug that year, and had made a study of the growth of the plants there, was placed in charge of the cultivation with a special staff made up of men drafted from the surrounding charges.

4. Male plants were removed in time and the crop was harvested and cured and some made into cakes and ready for despatch to the Central Stores early in March last.

5. The out-turn of the area under cultivation was 51 maunds, 25 seers and 73 tolas (Bengal) and was paid at the rate of one rupee

rupee per Bengal seer of 80 tolas. The out-turn averaged nearly 3 maunds per acre. The total amount paid was R$.2065-14-2 out of ~~the~~ R$.2100/- sanctioned by Government for the purpose in Nos.Fl.4035/-6/S.R.95-11-4, dated 25-3-1912 and Fl.4079-80/S.R.95-11-6, dated 20th March 1912.

6. The quality of the stuff is voted as superior to that grown last year, but for the late sowing it would have been even better.

7. It has been arranged to license out a larger area for this year and begin the sowing operations in time. The Deputy Commissioner, Kolar, in his No. 268, dated 24th June 1912, reports that 140 acres will be licensed out this year.

8. From past experience, it is found that the help of some of the experienced cultivators near Daggupad and Javadi, would be of great advantage during the stage of harvesting and curing, and I will submit proposals in due course for the entertainment of the same temporarily.

9. A statement showing the area of each ryot under cultiva-tion, his out-turn and the amount paid to him is enclosed.

I have the honor to be,

Sir,

Your most obodient servant,

Offg: Excise Commissioner.
